Welcome Message

**Singapore
Fashion
Council**

Welcome to APTEXPO 2025!

As the official association for Singapore's textile and fashion industry, the Singapore Fashion Council (SFC) is proud to drive progress across our four key pillars — ***Sustainability, Innovation & Technology, Internationalisation, and Retail.***

In an ever-evolving landscape, strong partnerships are vital to building a resilient and agile supply chain. Through collaboration across the value chain, we can mitigate risks, seize emerging opportunities, and foster innovation that benefits the entire ecosystem.

APTEXPO 2025 exemplifies this spirit of partnership — a dynamic platform where creativity, business, and technology come together to shape the future of fashion and textiles in Asia. Together, let's continue to weave a sustainable, innovative, and forward-looking future for our industry.

Sincerely,
Zhang Ting Ting
Chief Executive Officer
Singapore Fashion Council

Welcome Message

Welcome to APTEXPO 2025.

On behalf of the ASEAN Federation of Textile Industries (AFTEX), it is our distinct privilege to welcome you to the second edition of the Asia-Pacific Textile and Apparel Supply Chain Expo & Summit.

As founding sponsor, AFTEX is honoured to convene global industry leaders at this prestigious gathering, taking place from 19-21 November 2025 at Singapore's Sands Expo and Convention Centre.

Themed "Re-engineering towards a Resilient, Adaptive and Sustainable Supply Chain," APTEXPO 2025 represents a pivotal moment for our industry. This summit brings together visionaries, innovators, and decision-makers to address critical challenges and advance collective excellence in textile manufacturing.

We invite you to engage meaningfully with breakthrough innovations, participate in strategic dialogues, and forge partnerships that will define the future of sustainable supply chains across the Asia-Pacific region and beyond.

Your presence elevates this platform. Together, we will shape a resilient, innovative, and sustainable textile and apparel industry for generations to come.

We look forward to welcoming you.

Sincerely,

Jemmy Kartiwa, Chairman

ASEAN Federation of Textile Industries (AFTEX)

Welcome Message

The textile and apparel industry remains a cornerstone of global economic vitality and human well-being. As a catalyst for regional integration and sustainable progress, it stands at the forefront of transformation.

With openness, inclusivity, and innovation at its core, the Asia-Pacific region continues to drive the industry's global evolution. APTEXPO 2025 unites the region's finest resources, creating a powerful platform for enterprises worldwide to deepen trade ties, expand cooperation, and unlock shared opportunities.

China's textile and apparel industry is committed to partnering with the global community — strengthening industrial synergy, enhancing supply chain connectivity, and co-creating value. Together, we will shape a resilient, collaborative future for the Asia-Pacific textile and apparel ecosystem.

Sun Ruizhe

President

China National Textile and Apparel Council (CNTAC)

Welcome Message

Welcome to APTEXPO 2025!

It is my great pleasure to welcome you to the Asia-Pacific Textile and Apparel Supply Chain Expo & Summit (APTEXPO 2025).

In a region that stands as the cornerstone of global textile and garment manufacturing, APTEXPO 2025 continues to serve as a transformative platform designed to address the challenges and opportunities our industry faces in an era of rapid change.

Under the theme “Re-engineering Towards a Resilient, Adaptive and Sustainable Supply Chain,” APTEXPO 2025 is proudly sponsored by the ASEAN Federation of Textile Industries (AFTEX) and the China National Textile and Apparel Council (CNTAC), and co-organised by MP Singapore Pte Ltd and the Sub-Council of Textile Industry, CCPIT (CCPIT TEX). We are also honoured to have the Singapore Fashion Council (SFC) as our Host Association.

This year’s edition brings together over 135 exhibitors from more than 16 countries, presenting the latest innovations in textile manufacturing, sustainable materials, supply chain management, logistics, and digital solutions.

Running alongside the main exhibition, **six concurrent events** will provide deep dives into niche markets and growth areas, including the **Asia-Pacific Sports & Outdoor Fashion Forum, the 7th Belt and Road Textile Conference, an Industry Update Showcase, FUTR Asia 2025, and Closed-door workshops** tailored for targeted networking and investment discussions. Together, they offer a comprehensive view of the region’s dynamic textile and apparel ecosystem all under one roof. Complementing these is the APTEXPO Summit, which gathers global industry experts and business leaders to share insights on industry transformation, market trends, and cross-border supply chain collaboration.

We invite you to participate in our industry forums, showcases, and networking sessions, where you can engage with key stakeholders, exchange ideas, and uncover new business opportunities across the textile and apparel value chain.

We are excited to welcome you to APTEXPO 2025, and we trust that your time with us will be both enriching and inspiring.

Warm regards,
Jason Ng
Managing Director
MP Group

Welcome Message

Building on the success of its inaugural edition, APTEXPO 2025 returns to Singapore with renewed energy — a focused, results-driven platform for business advancement and industrial collaboration across the Asia-Pacific.

This year, over 100 leading enterprises from China and ASEAN converge to drive precise supply-demand alignment, shared resource optimization, and diversified market growth. The concurrent APTEXPO Summit 2025 and Belt and Road Textile Conference (BRTC) will gather top experts and professionals to explore frontier trends and chart the industry's future course.

We warmly invite our partners to join us in Singapore — to forge new pathways of cooperation and build a prosperous, interconnected tomorrow.

Xu Yingxin

Exhibitor Profile

Afitty Holdings Pte. Ltd.

C22

Afitty Solutions is a global management consulting group specializing in tax and financial planning, corporate internationalization, business establishment, and human resource management.

Founded in 2015 and headquartered in Singapore's financial center area. Afitty has established multiple regional offices across Greater China and major ASEAN economies, including Melaka, Johor, Kuala Lumpur, Shenzhen, Hong Kong, Hangzhou, Thailand, and the Philippines.

Clients span China, the United States, Canada, ASEAN countries, Australia, Japan, and Europe, covering industries such as e-commerce, manufacturing, services, real estate, and design.

Our team is composed of more than ten partners, numerous consultants, and professionals. With the international team background and deep local cultural understanding, Afitty has developed unique insights into the ASEAN market, covering tax planning, compliance management, overseas fund management, and localized operational support. Particularly address the unique challenges and needs faced by Chinese enterprises in adapting to cultural and managerial differences during global expansion.

In summary, whether assisting clients in establishing overseas entities or expanding their international business, or helping them understand local tax policies or plan for wealth succession, Afitty provides clients with end-to-end customized solutions from strategic framework design to full implementation.

Foursource Group GmbH

A20

FOURSOURCE is the world's largest digital network for the textile and apparel industry, connecting verified manufacturers and buyers across more than 120 countries. Headquartered in Hamburg, Germany, the platform was founded with a clear mission: to make global sourcing more transparent, efficient, and sustainable.

By digitising the entire sourcing journey, FOURSOURCE empowers suppliers to showcase their production capabilities, certifications, and collections in a professional digital showroom, while enabling buyers to discover, evaluate, and connect with the right partners at scale. Today, over 27,000 verified buyers and 28,000 suppliers rely on FOURSOURCE to identify new business opportunities and strengthen global supply chain collaborations.

Driven by innovation, FOURSOURCE recently introduced AI-powered sourcing tools that act as a virtual buyer consultant supporting users to refine their sourcing requests, identify matching factories, and optimise decision-making with greater speed and accuracy.

As the official digital partner of APTExPO, FOURSOURCE extends the reach of offline exhibitions into a year-round online visibility network. By combining trusted data, AI technology, and industry expertise, FOURSOURCE builds the foundation for a smarter, more connected, and sustainable textile future.

Textile, Apparel, Footwear & Travel Goods Association in Cambodia (TAFTAC)

C14

About the Textile, Apparel, Footwear & Travel Goods Association in Cambodia (TAFTAC)

Established in 1996, TAFTAC has been one of the most active and prominent trade associations in Cambodia, representing, promoting and safeguarding the rights and interests of investors in the export-oriented textile, garment, footwear & travel goods sectors in Cambodia.

TAFTAC provides a forum for consultation and discussion among members/stakeholders of common interests and seeks the adoption of sound policies that allow the sector to grow and develop. On a daily basis, TAFTAC assists members on all important issues that they are facing - ranging from labour compliance to logistics, from the environment to energy, from local tax compliance to regulations on international trade and market access.

Its specialized training arm - Cambodian Garment Training Institute (CGTI) - helps build the capacity of its members through its various training programs to make them stay competitive in the marketplace.
